200 Subscription bundle	\$5,400.00	\$7,990.00	\$2,590.00	\$27.00	32.40%
250 Subscription bundle	\$6,625.00	\$9,987.50	\$3,362.50	\$26.50	33.70%

- **Your district or school purchases a bundle of subscriptions.** As each teacher registers for a subject, one subscription is deducted from your total.
 - Example:
 1. My Town School District purchased 10 subscriptions. Mr. Bookman registers for Chemistry and Physics. This deducts **2** subscriptions. Ms. Davis registers for Algebra I. This deducts **1** subscription. My Town School District has used **3 of 10** subscriptions.
 2. Each subscription is *personal* to be used by a specific teacher. Subscriptions are **not** “Multi-user Licenses.”
- **Subscriptions will expire 12 Months from date of purchase.** Unused subscriptions can be recovered for a small fee.*
- **The district or schools are responsible for the allocation of subscriptions.** Eduware cannot be held responsible for teachers registering for subscriptions without permission. Schools will be asked to designate an administrator(s) who will be responsible for monitoring subscription use.
 - Administrators will be capable of viewing the teachers who have created accounts and the history of usage and expiration dates.
 - There is a **30 day grace period** where a subscription may be transferred from one teacher to another. Subscriptions are not otherwise transferrable unless given permission by Eduware
 - Each login is unique to the particular teacher. It is against the Terms of Service for more than one teacher to use one account.
- Question Catalogues are not included in the price of subscriptions.
- These terms and prices are subject to change without notice.

* **Unused subscriptions** can be recovered in two ways:

- a) Payment of a \$5.00 recovery fee per subscription, or
- b) Eduware will waive the recovery fee for every subscription on a one-to-one basis with subsequent purchases of new subscriptions. ie. If your school has 6 unused subscriptions they can recover all of them by purchasing a minimum of 6 new licenses.
